Dear Mr. Wiggins,

On behalf of the Metropolitan Police Department's Jr. Police Academy and Community Outreach Officers, I would like to personally thank you and the youth of Hip Hop Education for your continued partnership. It was great seeing you, again, last week.

Your program has provided us with another method to push positive and friendly messages into communities to engage the youth. For that, we are very grateful. We will continue to support your efforts to ensure that neighborhoods around the District of Columbia are exposed to the inspirational lyrics Hip Hop Education has to offer.

I look forward to working with you again soon, specifically to explore options for the seat belt safety campaign.

Sincerely,

Cathy L. Lanier
Chief of Police
