From The Desk Of the Executive Vice President

---

On behalf of the Suitland Recreation Council , The Suitlandfest Community Development Corporation 501c3 and the youth and families of the Suitland communities, we would love to thank the Hip Hop Education, under the directions of Sabrina and Ben Wiggins, for their continued support and participation in the youth and community empowerment showcases and workshops. They have always displayed the highest level of professionalism and have empowered not only the minds of the youth they work with but also the minds of all who watch them entertain and teach through their unique gift of music. It is always a blessing to witness great minds as they ignite the flames of creative energies within other, and Hip Hop Education definitely will always have the 100% support of our organization and my office as well.

We would definitely recommend that if anyone is in the need of an empowering group for your event, workshop or empowerment function, Hip Hop Education must be your first contact.

Please keep up the great work! Our communities definitely have a bright ray of hope!

Many Continued Blessings,

*Willie James Wimbush*

Executive Vice President  
Suitlandfest CDC 501c3
